Midtown Sacramento is the perfect fusion of multi-generational locally owned business and organic youth infused goods and services; a healthy dose of carefully selected national and regional retailers and an eclectic mix of high-end demographic occupations are embedded in a landscape of unique older buildings and mature trees. Business owners, residents and investors have flocked to the center of Sacramento's art, music, and cultural scene to cash in on the burgeoning and fruitful submarket. Many people consider Midtown to be the most

centralized area in the City of Sacramento, with easy access to Downtown, Old Sacramento, West Sacramento and East Sacramento. Large infill housing and mixed-use development projects are scattered throughout the grid, indicating regional growth and an increased emphasis on inner-city living. Midtown has emerged as one of the submarket's hottest micro-markets. 2409 L Street is near the epicenter of Midtown, which has an excellent daytime population and provides numerous eateries

and professional amenities within easy walking distance. 2409 L Street is also located only four blocks from the Capital City Freeway. This allows for quick and easy access to both Interstate 80 and Highway 50. The downtown, East Sacramento and Campus Commons submarkets are only a short drive away via K Street or J Street - a popular thoroughfare and retail artery.

California's fastest-growing metropolitan area!

While the Golden 1 Center has expedited urban renovation on the K Street Grid, the renaissance of Sacramento's urban sectors surrounding the K Street Grid has been underway for several years now. Residential migration to the higher density urban cores is a phenomenon easily recognizable in Tier 1 population centers like New York, Chicago, Philadelphia, and in California, Los Angeles, San Francisco and San Diego. This same pattern is now beginning in

Tier 2 population centers like Portland, Denver, San Antonio and Sacramento.

The urban core of Sacramento (Downtown and Midtown) is the most desirable business location the Sacramento region and easily boasts the lowest combined commercial vacancy rate, hovering between 5–8%. This figure is impressive when factoring in many buildings marketed as "available" that are functionally obsolete and non-compliant. The ur-

ban core is the perfect fusion of multi-generational locally owned business, organic youth infused retail and services, a healthy dose of carefully selected national and regional retailers, the best restaurants east of the Bay Bridge, an eclectic mix of high-end demographic occupations all magically embedded in a landscape of unique older buildings and mature trees and flora.

SACRAMENTO DATA BITES

Sacramento's relative affordability versus amenities remains one of its biggest draws. Population growth is expected to average about 1% (20,000 annually for the region) over the next five years and is expected to outpace the national average. Household growth continues to far outpace the rate of single-family and apartment deliveries. In July 2020 Sacramento was the most popular migration destination in the U.S, with more than half of home searches from buyers outside of the area (Redfin).
