ONE AWESOME URBAN EXPERIENCE

The Cannery is one of Sacramento's most distinct and prominent office leasing opportunities in the City of Sacramento. Encompassing an entire city block in the rapidly improving Alhambra Corridor the 275,363 square-foot masonry two story building will attract local, regional, and national tenants as a result of its ideal location to the freeway systems and the close proximity to the ame-

nities of the very active Midtown submarket.

The Cannery offering expansive open floor plates of brick, concrete, and glass with possible 18 foot ceilings, skylights, and within close proximity to the best restaurant and entertainment venues in the urban core. The market is waiting to be truly exposed to Sacramento's exciting urban office opportunity.

GREATER SACRAMENTO'S 2.6 MILLION RESIDENTS ARE DIVERSE & HIGHLY EDUCATED

The Cannery is located in the epicenter of Sacramento's Healthcare Triangle—between the primary facilities of UC Davis Medical Center, Shriners' Children's, Sutter Health and Dignity Health. With the largest concentration of medical buildings in Sacramento, The Cannery is close to home not only to medical pro-

fessionals, but many of Midtown's most popular bars, restaurants, and coffee shops, as well as East Sacramento's manicured parks and stately residences. Midtown and East Sacramento are the two most desirable submarkets in the entire Sacramento region, and The Cannery enjoys the benefits of both. Tenants can take

advantage of the proximity to the interstate freeways that are the boundary of Midtown and East, and still remain walking distance to fine dining options, happy hour hot spots, business opportunities, community and outdoor activities, social events, and other highly sought-after amenities of the urban "grid".

THERE'S A REASON EVERYONE IS
COMING HERE.

Section Two: The Location

CANNERY ON THE BOULEVARD

MIDTOWN SACRAMENTO

Business owners, residents and investors near and far have flocked to Midtown - the center of Sacramento's art, music, and cultural scene to cash in on the fruitful submarket. Where people come to meet with friends and make new friends over beer, good food, farmer's markets and art events, Midtown caters to the daytime workforce as well as the weekend neighborhoods. Embedded in canopies of old growth elms, oak, sycamore and maple trees,

Midtown provides the most walkable live/work district in the region. Twenty of the best 25 restaurants in the region are located in the urban core. Businesspeople and dog walkers alike fill the regions most distinct and eclectic cafes. Midtown is regarded as the heart-beat of Sacramento culture. This whole area boasts high foot traffic both day and night; it's a hot spot for those who love to eat, drink, and enjoy many of Midtown's most popular estab-

lishments. Large infill housing and mixed-use development projects are sprinkled throughout the grid but concentrated in Midtown, indicating regional growth and an increased emphasis on inner-city living. Midtown development is abundant and headlined by several high identity projects. With over 2000 residential units constructed since 2018 and an-other 2,000 planned, the outlook for business and retail in Midtown is very bright indeed.

CANNERY ON THE BOULEVARD

EAST SACRAMENTO

The Cannery sits in the nexus of two incredibly dynamic and booming submarkets: Midtown and East Sacramento. Unlike the CBD, Midtown and East Sacramento have thrived without government subsidies and incentives; they work because they are inherently desirable. East Sacramento is Sacramento's most in-demand residential neighborhood. The median home price per square foot is more than \$500, which is significantly higher than the Sacramento average of \$314 per square foot. They are smaller, predominantly older homes, with tremendous character building in the 1930s to 1950s.

Because very few high-end office buildings exist in East Sacramento, spaces that are truly architecturally unique like The Cannery are tough to find, and often lease very quickly. East Sacramento is the perfect mix of established residential neighborhoods with incredible amounts of character combined with successful locally owned business and organic youth infused goods and services, a healthy dose of carefully selected regional retailers, and an eclectic mix of high demographic occupations are embedded in a landscape of unique older buildings and mature trees. Business owners, residents and investors have

flocked to East Sacramento because of its rich art, music and cultural scene to cash in on the fruitful submarket. East Sacramento features some of Sacramento's most successful restaurants and entertainment venues, and has an eclectic mix of art galleries, coffee houses and boutiques. Some of East Sacramento's favorite spots to grab a bite to eat and drink include Canon, Kru Contemporary Japanese Cuisine, Sac Yard, OBO Italian Table and Bar, Selland's Market Café, Orphan, Roxie Deli, Temple Coffee, and Tupelo Coffee House.

CANNERY ON THE BOULEVARD

AGGIE SQUARE *1.2 Million SF expansion of UC Davis Medical Campus*

UC Davis' Aggie Square is a mixed-used innovation district adjacent to the UC Davis Medical Center in Sacramento. Phase I is under construction with a capital investment of \$1.1 billion and 1.2 million square feet of life sciences, research, wet labs, and residential housing, with the first phase delivering in late 2024. Asking rents are \$84-\$108 / SF annually. Estimated construction pricing to complete Aggie Square is estimated at \$1,000+ / SF. **Anchor tenants include Amazon Web Services, Cytiva, and The Alice Waters Institute.** The project will spur \$5 billion in annual economic impact for the region.

Aggie Square will feature state-of-the-art research facilities, modern office and mixed-use space and world-class amenities. It will create new public space with welcoming, accessible entry points that connect the university with its neighboring communities. The result will be a unique live/learn/work/play environment that values inclusion and creates chance encounters among creative people. Construction started in June 2022 and is proceeding on schedule for completion in 2025-2026. At Aggie Square, leading-edge UC Davis research, innovative companies and startups, and talent from across our community come together to create a

thriving new Sacramento innovation district. Aggie Square is designed to host whole "ecosystems" in emerging areas of technology and life sciences, with inclusive teaching and training programs from entry level jobs to doctoral degrees.

Aggie Square is where university, industry, and community meet to create opportunities for everyone.

Aggie Square will advance human health, enrich lifelong learning, enhance emerging technologies, and set the stage for future collaborations. The type of office product is not expected to be a competitive threat to The Cannery.

Life-long Learning:

- Office and classroom tower with front door on Aggie Square
- ±250,000 SF
- Anchored by professional education
- Corporate partnerships on next gen IT
- Career development with education partners

Life Sciences:

- ±500,000 SF
- Emerging cell and gene therapies
- Medical device development
- Digital health innovations
- Biomedical engineering
- STEM career development
- Technology incubators and accelerators

Housing and Market Plaza:

- Undergraduate and graduate students
- University affiliates
- Farmers' Market Pavilion
- Food literacy and education
- Healthy food offerings
- Storefront community-facing programs

FRET OVER PARKING IN THE URBAN CORE NO MORE

With four major freeway routes immediately accessible and hundreds of on-site parking spots, The Cannery sidesteps a common woe of businesses located in the Urban Core. The two light rail stops nearby enable employees to commute from afar without the hassle of a car.

And, with the Midtown, East sacramento, Curtis Park, Oak Park, and Tahoe park neighborhoods flanking all sides, it's reasonable to assume that many workers will live close by and walk or bike to the office (making good use of those new bike racks!)
