ELVAS AVE - 17,984 CPD

65TH STREET - 16,179 CPD

OFFERING

 9,600 SF BUILDING + 16,875 SF YARD
 \$500,000 – \$2,500,000
 \$0.18 – \$1.25/SF NNN

Sitting squarely in the middle of the thriving and rapidly growing submarket of East Sacramento, 6500 Elvas Ave (“The Property”) represents one of the few remaining flexible commercial opportunities in this highly sought-after area. Just 0.3 miles from Highway 50 and 65th Street, and located under 200 feet from Hornet Xing, the primary pedestrian entry point on the west side of Sacramento State, the Property benefits from consistent foot traffic combined with strong visibility and exposure to over 34,000 cars per day on the corner of 65th Street and Elvas Avenue.

The Property consists of an approximately 9,600 SF building along with an approximately 16,875 SF fenced-in yard, a highly unique combination for

East Sacramento. The Property and its zoning allow for a wide range of retail, service, and commercial uses, while still capitalizing on the visibility and consumer activity driven by its proximity to the Sacramento State campus.

Further enhancing the long term value of the Property, more than 4,600 student housing beds are located within 0.5 miles of the Property, which serve Sac State’s student body of over 31,000 students.

As East Sacramento continues its robust push for new housing and mixed-use development, flexible commercial spaces within walking distance of Sacramento State are incredibly scarce. Opportunities of this scale, versatility, and location rarely come to market, making this

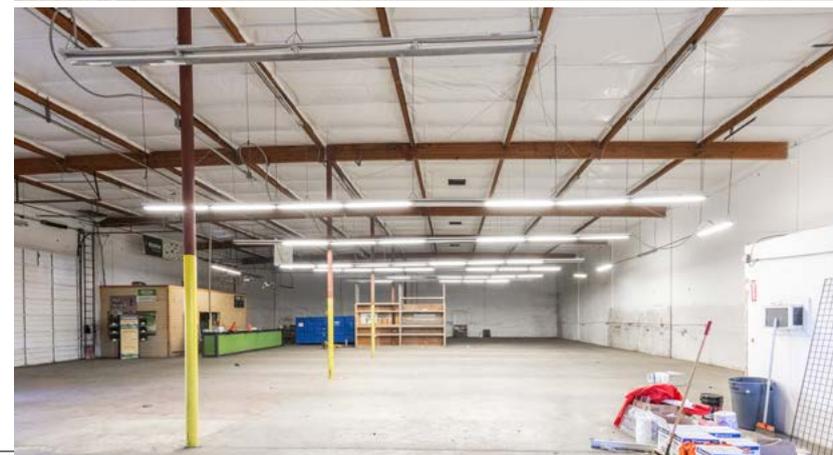

a truly exceptional offering for brands seeking long-term positioning in one of Sacramento’s fastest-growing and most dynamic districts.

This property is not just an excellent lease or sale opportunity, but a mixed-use development opportunity given its proximity to the University. By right the building parcel would allow 74,000 SF of vertical development, while the yard parcel allows for 67,500 SF of development, both with a FAR of 4:1.

Properties can be bundled for \$2,500,000. Also available separately at \$2,100,000 for the 9,600 SF building and \$500,000 for the 16,875 SF yard. Also available for lease at \$1.20 per SF per month, NNN, for the building and \$0.18 per SF per month, NNN, for the yard.

LOCATION

LOCATED IN EAST SACRAMENTO

3 MIN WALK TO SAC STATE

5 MIN WALK TO LIGHT RAIL

10 MIN DRIVE TO MIDTOWN

East Sacramento is one of the most highly sought-after and supply-constrained neighborhoods in the region. Bordered by Highway 50, Business 80, and the American River, this historic community has little to no land remaining for new development—making opportunities like this exceptionally rare. With consistent demand from high-income households, the area remains underserved by multifamily housing,

neighborhood retail, and other compatible uses. Celebrated for its tree-lined streets, early 20th-century homes, and the iconic “Fab Forties,” East Sac continues to attract residents who value character, walkability, and proximity to Midtown, Sacramento State, and top-performing schools. Its enduring appeal and strong identity make it an ideal setting for thoughtful infill that adds to the neighborhood’s quality of life.

This opportunity presents a rare opportunity to occupy or deliver a new development along Elvas Ave, a major corridor offering direct access to Highway 50 and convenient regional connectivity. Located next to Sac State and surrounded by an established residential population, the site is well-positioned for multifamily, retail, or other neighborhood-serving uses.

BE THE SOLUTION TO SAC STATE'S HOUSING SHORTAGE

University Housing Services - Fall 24

 31,588 STUDENTS
 3,277 ON-CAMPUS BEDS
 SHORTAGE OF 1,356 BEDS

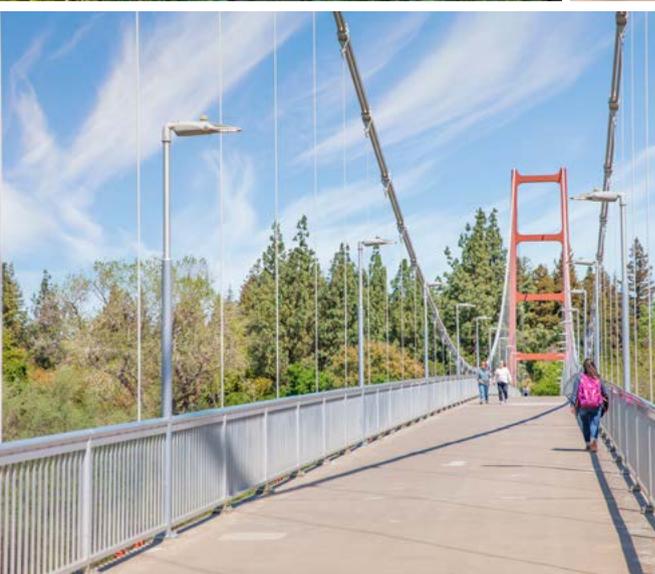

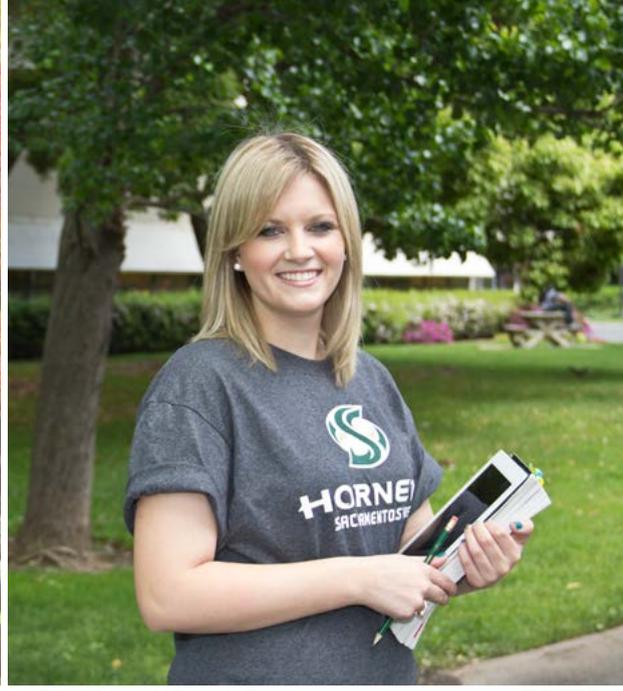

Sacramento State, is undergoing a significant transformation. Once primarily considered a commuter campus, the University is now increasingly chosen as a first-choice institution by students seeking a more residential and immersive college experience. With enrollment exceeding 31,000 and continuing to rise annually, pressure on the University's limited housing infrastructure is intensifying.

As of Fall 2024, Sac State had just 3,277 on-campus beds, enough to house approximately 10 percent of its student population. Demand has significantly outpaced supply: 4,633 students requested housing leaving an

estimated 1,356 students without on-campus accommodations. To begin addressing this gap, the University is constructing Student Housing III, a five-story facility that will add 335 new beds, including 285 designated as affordable housing, by June 2026. Even with this addition, Sac State would still need to add at least 1,500 more on-campus beds and a greater number of off-campus units to meet both current and projected demand. Additionally, starting the fall of 2026, all incoming freshmen and sophomores are required to live on campus while attending school with hopes to distance the University from its "commuter school" repu-

tation. The campus is physically constrained by Highway 50, active railroad tracks, and the American River, which leaves little room for further expansion. As a result, nearby off-campus housing has become essential to supporting the university's continued growth. Nearby properties can submit to qualify as "on-campus" for this new requirement.

With walkable access to Sac State, and proximity to amenities already used by students, the site presents a compelling opportunity for student-oriented multifamily development or use in a high-demand, supply-limited market.

STUDENT HOUSING SACRAMENTO STATE

Built in 2015 The Lark is off-campus student housing with 213 apartments and 726 beds.

NORTH VILLAGE
7 Resident halls consisting of 2,100 beds. 5 of the 7 were built in the 1960's, with 2 new additions in 2009 and 2017. 335 beds coming June 2026.

THE MEZZO
Built in 2007, Mezzo Apartments, formerly Upper Eastside Lofts, has 140 market rate apartments for students and non-students.

THE CROSSINGS
Built in 2017, The Crossings is off-campus student housing with 230 apartments and 762 beds.

COLLEGE TOWN APTS
Built in 1968, College Town Apartments has 282 units of affordable housing.

SACRAMENTO

Greater Sacramento

2.62 MILLION POPULATION
#2 IN U.S FOR INCLUSION
4 MAJOR UNIVERSITIES

Sacramento is increasingly recognized as one of California's most promising markets for growth, combining the advantages of a capital city with the energy of a region on the rise. Its central location—within easy reach of the Bay Area, Lake Tahoe, and Napa Valley—makes it more than a midpoint; it's a destination with strong fundamentals and long-term investment potential.

While other major metros have seen population declines, Sacramento continues to grow. From 2014–2018 to 2019–2023, Sacramento County's population rose by 4.9%, even as San Francisco and Los Angeles saw losses (Axios,

2024). In 2025, the region hit 2.27 million residents, up 1.16% from the prior year (Macro-trends, 2025). This growth reflects a wave of professionals and families drawn to space, affordability, and access to culture and opportunity.

That momentum is driving demand for new development across multifamily, retail, and hospitality. Sacramento is now a year-round event destination, with Golden 1 Center concerts, Kings games, conventions, and Capitol Mall festivals consistently filling hotel rooms and energizing the core. Major draws like After-shock, Ironman, the Farm-to-Fork Festival, and

the California International Marathon bring hundreds of thousands of visitors each year. The city's food and creative scenes continue to add to its appeal. As the Farm-to-Fork Capital, Sacramento has built a national reputation for its access to fresh ingredients, strong restaurant scene, and community pride—all of which contribute to a vibrant, experience-driven urban environment.

For tenants, owner-users or developers, 6500 Elvas offers a rare opportunity: a high-profile site in a metro with growth, foot traffic, and a clear need for new places to live, stay, and experience the city.

3 SACRAMENTO
6500 ELVAS AVENUE

SACRAMENTO'S CENTRALIZED LOCATION IS AN ADVANTAGE

 60 MILES TO NAPA
 85 MILES TO SAN FRANCISCO
 100 MILES TO LAKE TAHOE

Sacramento's location is one of its most valuable assets—and 6500 Elvas sits at the center of it. Positioned on Elvas Ave with direct access to I-80 and Hwy 50, the site offers seamless regional connectivity and puts future development within reach of the entire Northern California megaregion. Just 85 miles from San Francisco and close to destinations like Lake Tahoe, Napa Valley, and Yosemite, Sacramento offers a central location that appeals to residents, visitors, and investors alike.

As the capital of California—the world's fourth largest economy—Sacramento plays a central role in statewide decision-making and serves as a logistical hub for business, travel, and governance. That strategic role is supported by a growing international airport with nonstop flights to major domestic markets, a strong freight and passenger rail network, and expanding public transit options including light rail. Tourism continues to play a key role

in Sacramento's economy, with millions visiting each year to experience its rich history, award-winning food scene, and packed calendar of events. From Golden 1 Center shows to festivals and conventions, demand for high-quality hospitality and entertainment, continues to rise. For residents, this connectivity enhances quality of life—offering access to job centers, outdoor recreation, and cultural amenities. For developers, it creates a clear advantage: a high-profile location with built-in infrastructure, multimodal access, and statewide reach. 6500 Elvas isn't just in the middle of it all—it's poised to become a defining part of what's next.
